Introduction

Dear reader

In this book, I present hundreds of spells by category, for all purposes. I chose the best from thousands of spells and opted for quality over quantity. Sorry if my English is not perfect.

The title is "Magickal Formulary - 620 Spells" because it is exactly the amount of spells, powder recipes, prayers, and spiritual baths, in all.

I use the pseudonym Asamod in all my neo-occult books. I do not reveal my name as I am a hierophant in a well-known esoteric order, which does not like to have some information shared with the profane (uninitiated).

There are different ways of defining magic, I don't intend to write too long an introduction, not least because this book is more practical than theoretical.

Magic is the art of, through rituals, mobilizing your intention and cosmic energies in order to produce a result. There are hundreds of different magical systems and traditions, depending on the culture, religion or cult.

Magic has been practiced for thousands of years by our ancestors (shamanism), also by the Egyptians, Sumerians, Greeks, Romans among others.

The etymology of the word *Magic*, comes from the Persian language, magus or magi, meaning both image and "a wise man", the root is *meh* "great", *magi* were still the followers of Zoroastrianism.

Currently, if we take into account quantum physics, we can imagine that in a magical ritual, with intention and focused visualization, we create quantum entanglement between ourselves and the person to be influenced (or the desired result).

Therefore, practice each ritual with a lot of conviction and faith, do not hesitate for a second, imagine yourself experiencing the result/situation with pleasure and fullness as if you had already obtained this result.

Don't tell anyone, not even your best friend, as sharing a secret takes away your power.

The entire ritual is an energetic exchange, so thank the entities and offer them the due tributes, offerings, and thanks at the end.

Asamod.

I have separated the spells by categories, for easy reference. I have placed Defense and Protection in separate categories, although they seem synonymous words; I consider protection magic to be preventive magic (to protect yourself and your home, etc.). On the other hand, I consider defense magic as reaction magic when you already know who your enemies are or that you are being targeted by a curse, thus needing countermeasures.

There may be some spell repeated, it is not humanly easy to check more than 600 spells without one being repeated.

However, some baths serve different purposes (spiritual protection, getting justice, luck in love) so I put them in several repeated categories.

Some spells have identical prayers (*Santa Muerte*, for example).

There are Shangó prayers that are identical, with slight variations.

Other spells contain identical ingredient lists.

Love

Keep a rival away

To separate a person from another

Items: 1 candle to represent yourself (in specific color) - 1 candle to represent the loved one (in specific color) - 1 candle to represent the third person/rival (black color) - Sewing needles - 1 red candle – Dragon blood or other protective incense.

Repare (dragon blood) is a resinous gum from the fruit of Rotang (from India), but other plant mixtures can also be used to produce a reddish powder such as *Dracaena*, *Daemonorops draco*, *Pterocarpus*.

Ritual:

Make a protection circle before doing any magical work. Write on the candle that represents you with your name. Write the candle representing the loved one with his or her name. If the third person's name is known, inscribe the third candle with the name, if the name is unknown, you can inscribe "All others".

Grease your candle and that of your loved one with any type of "Love" oil. Grease the other person's candle with any kind of "repellent" oil. On the candle representing the other person, stick the sewing needles through the candle where the letters are closed (eg if there is an "o", put a needle through the "o"). Light this candle while focusing on all the bad feelings this person has caused you. Place this candle in the upper right corner of your altar.

Get rid of the negative feelings you carried the third person candle with and light the protective incense. Visualize what you want to accomplish with this spell. Call on the Goddess for protection over lovers. Light the candle that represents you and say:

This candle is (Name). Your love for (name) burns eternally like this flame. "

Light the candle that symbolizes the loved one:

"This candle is (Name). Her love for (name) burns eternally like this flame."

Light the red candle in the flame of the other that represents a loved one:

"This red candle represents our love (say your name and the person you love). No one should divert attention from (beloved person). This candle unites us strongly. Our love for each other burns like this flame"

Let all the candles burn while you focus on how much your loved one loves you, and vice-versa. Throw away the leftover wax and needles from the other person's candle in the trash (after it has cooled down). Put the wax left over from the candle symbolizing the loved one in a glass jar, seal it and bury it in the earth.

To banish a rival away from your house

To ward off anyone who is sexually involved with your husband/wife.

Items: 1 liter of water, 49 small iron nails, a photo of you, a photo of your loved one, 1 dark glass bottle (can be dark green, or you can paint with acrylic glass paint).

Ritual:

Mix the water and nails inside the bottle and let it rest for four days. After these days, put a picture of yourself and the other person in the bottle. Store the bottle in a cool, dark place. Once a month (in the new moon phase), wash the door sill with some of this water. It will drive back malicious people who enter your home intending to get involved with your partner.

Saint George's magic to drive away rival or lover

Items: 3 rue twigs, 3 twigs, and rosemary, a essence of absinthe.

Ritual:

Boil three liters of water with the rue and rosemary twigs. Turn off the heat and let the water cool. Then add three drops of wormwood essence (available in esoteric stores) and strain, removing the herbs. After the usual bath, pour the preparation on your body, from the neck down, saying:

“My Saint George, may these herbs serve you as a sword to keep (the person’s name; otherwise just say “that person”) away from my love (beloved person).”

Afterwards, bury the leftover herbs in the earth, offering them to Saint George (Ogum).

Keeping jealousy out of your marriage

Items: 9 white roses, 9 glasses of water, 9 white saucers, 9 white candles.

Ritual:

Personally pick nine white roses on the ninth day of the ninth month (September), starting at nine o'clock in the morning. Place these flowers in a vase with nine glasses of water and light around them nine white candles, fixed in the center of the nine white saucers each. Leave one day alternately on your side of the bed, another on your husband's side, for seven days. Then throw the flowers and water into a river current or the sea.

Banishing away a rival

Items: A pot, chili peppers, coarse salt. A paper.

Instructions:

Write on the paper the name of the loved one and the lover. Fold the paper and put it in the pot, put coarse salt and pepper on top, cover the pot.

Say it:

“So-and-so’s (loved one) love for so-and-so (rival’s name) will only go forward if this chilli sprouts”.

Drive away potential lovers

Get a stone (if it is porous or light, better) let it soak in water for a few days, remove it and with a file iron and polish the stone until it looks like a triangular arrow. Then place the stone on your altar, in front of a candle. It will be a warning to anyone who gets in your way.

Magic with Saint Cosmas and Damian

To keep away someone who intrudes between you and the loved one, or the loved one's ex-partner.

At six in the afternoon (6 pm) on the first Monday of the month, bury seven sweets in a garden. Light a candle there (pink or light blue) offering to Saint Cosmas and Damian, say:

"Saint Cosmas and Saint Damian, make so-and-so move away from my love and our lives".

Egg magic

If a person is interfering with your marriage or union, take two eggs, write, in red letter, the name of the person interfering in one of them and the other, the name of your partner. Take them to a faraway place and place them in a bowl. On a waning moon day. After closing it, say:

"Just as these eggs will rot, so will this relationship end, rot!"

Pray to Mother Earth, and Mother Moon, asking them to keep your marriage, your family in peace and with love. When you get home, light a white candle

and repeat the request. If you want, you can also leave a note in the bowl with the same wish, covered with salt. Everything must be written in red ink.

Keep lover away from your husband

If you're sure your husband has a mistress, find out that person's full name and address. On a Monday, buy a vase of white flowers, go to the cemetery and at the first grave on the right side of the main gate, deposit the flowers. The other Monday, take another vase of flowers and deposit it in the first grave on the left, and on the other Monday, take another vase and deposit it on the cruise. Light a candle and make a wish to the souls in the tombs where you left the vases, asking them to take your husband away from his mistress.

Say her name and address. Then go to a church and light a bunch of candles, in front of the altar of your patron saint, asking for his help to separate this woman from your husband. Say her name and address again, then say five Our Fathers and five Hail Marys.

Ward off rival

Place three handfuls of coarse salt, three twigs of rue, and three rose petals in a bucket with three liters of warm water. Let it rest for an hour. Then, place the preparation on your feet, while saying:

"Nothing will be able to take my love away from me".

Gather the leftovers and throw them in the trash. Wash and use the bucket as usual. Don't forget to wash your hands well after contact with the rue.

Rival away

Pushing away from the person who interferes with your relationship or wooing your boyfriend or lover. Take a photo of each of them, place an Ace of Spades in the middle, facing the rival. Tie it with a black ribbon and leave it

somewhere outside your house. When the two have separated, remove the photo of the loved one and burn the rest.

Banishing someone you hate

Take a lover away from your loved one.

Items: 1 raw egg, 1 piece of paper, red pen, 1 red candle, 1 white candle, 1 empty can, a black cloth, rue leaves.

Instructions:

On one of the first three days of the waning moon, take an egg, make a small hole on top of it so that a small piece of paper passes with the names of the people written seven times each with a red pen (one name on top of the other, totaling fourteen).

Light a red candle and with the wax cover the hole you made in the egg. Take an empty and clean can of powdered milk, put the egg inside. Close it and tie it with a black cloth making 7 knots. Go to a place far from your house and bury the can, say:

"Just as these eggs will rot and nothing will survive, so the union of so-and-so will end and rot!"

Make the sign of the cross three times and leave without looking back. Throw the remains of the red candle in the trash away from your house. When you get home, take a bath with rue leaves (from the neck down), light a white candle, and repeat the request.

Tame the loved one

Soften the heart of a cold wife

On a Monday with a waning moon, in the morning, before the sun rises, buy a sweet bread, remove all the crumbs from it and throw it to the birds. On the inside of the loaf, put a full-length photograph of the wife, press it tightly, and toss it into a stream or the sea.

Taming a critic husband

On the first night of the waning moon, take a recent photograph of it, rub honey all over its surface, then fold it so that the image and honey are facing inwards. Tie with a white ribbon forming a cross, finish off with a looped knot and toss to the roof of your house. Leave it there.

For the family to accept a dating

In a bowl that has never been used, mix 3 leaves of rue and 3 of rosemary with a handful of coarse salt and 2 drops of lavender scent. Then add 1 liter of boiling water, cover and let it rest until lukewarm. Then, add 1 tablespoon of alcohol used in the manufacture of perfumes. Strain this mixture and pour the liquid into a clear glass to use whenever discussions about your romance begin. Your family started to get involved with your partner, put some of this liquid on your wrists, thinking that, at any moment, all this will pass. Throw the leftover rue and rosemary in the trash.

Calm your partner

Items: A bottle of white wine, rock salt, a green crystal stone (either emerald, green tourmaline, green jasper, etc.).

On a day with a waning moon, bury a bottle of white wine in a piece of land that receives sunlight. Bury so that it is lying down. After seven days, dig up the bottle, wash it in water and rub it with coarse salt. Place in the fridge until cool.

Take a crystal glass and put the green stone inside, pour wine, remove the green crystal stone after a few minutes, serve this glass of wine to your loved one. You can do this three days in a row.

More harmonious relationship

On a Friday, take your underwear and tie it to your loved one's underwear with a blue ribbon. Put everything under your double bed. Take it out the next day and toss it into a river or stream.

End the quarrels

Items: White saucer, coarse salt, a green candle.

Indications:

At 4:00 pm, on any day of the week, place the candle on the saucer, light it at 4:40 pm offering it to the angel Hahasiah, this is his time. Ask the angel with great faith to drive away intrigue, envy, and negative energies. Let the candle burn to the end. After that wash the saucer well and let it dry upside down for three days.

Calm his mood

With white tape 2 meters long by 2 centimeters wide, take the measurements of the loved one when they are sleeping. Cut the leftover piece from the measurement. Tie 7 knots on the tape measure, saying on each knot:

"Fight goes, fight comes, make me not fight with my good anymore."

Place the tape under his/her pillow.

The next day, bury the tape in a place where it will never play again.

Taming your husband

If your husband is nervous... When he is sleeping, take 3 strands of his hair and place them on a tray with 3 rue and 3 guinea twigs. Set everything on fire by saying the following:

"Essence of rue and guinea, as well as a pigeon that so-and-so no longer fights with his family and is more hardworking and honest".

This magic must be repeated more than 3 times in the same week.

To sweeten the beloved

Best phase: Crescent moon night.

Materials: 2 30 cm yellow candles, 5 potatoes (small: *Solanum tuberosum*), 1 bottle of virgin olive oil, honey (preferably pure), brown sugar.

Boil the potatoes (all without the skin). After they cool, put honey on them, some olive oil, and brown sugar, in a white dish. Love with your hands, mentalizing the loved one very well with all your faith and concentration, while you do this call their name and say:

"(Name), you will calm down, you will think about me, you will want to be with me, you will forgive me and only if you feel good by my side. (Name) you will love me, and you will only have eyes for me and you will never stop loving me, in the strength of Oshum you will be connected to me."

On this plate, after having kneaded the dough well, leave it in the shape of a heart. Place it in a high place and light the candles asking each one for the loved one to stay together with you, affectionate wanting to resume the relationship always by your side.

Making a heartfelt request to Oshum opará.

Leave it there for 7 days and on the seventh, you can ship it with the crockery plate in a very beautiful garden or a square and leave without looking back thinking that your request has already been granted.

Binding spells

Powerful Egyptian binding spell

Make a wax or clay figure, depending on the sex of the person to be dominated. The figure must be on his knees and with his arms behind him, engraved with the name of the person in question.

Items: Kyphi incense; three candles in the colors of Egypt: red, White, and black; red towel; red cloth and ribbon.

Ritual:

The ritual begins on a crescent Tuesday and two more Tuesdays.

Light the kyphi. Light the candles arranged in a triangle. Pass the wax figure through the smoke. Hold the wax figure with both hands, above your head, saying:

"I, (your full name), submit (desired person) to my will and desire, by the power of Ra, Mut, Nut, Khnum, Ptah, Nephthys, Nekhbet, Sobek, Sekhment, Sokar, Selket, Reshpu, Wadjet, Anubis, Anukis, Seshmu, Meshkent, Hemsut, Tefnut, Heket, Mafdet."

Insert 13 pins in the figure:

One on the forehead, saying:

"I penetrate the mind of (name)"

Two on the ears, two on the eyes, one on the mouth, two below the chest, one on each hand, two on the genitals and anus, and two on the soles of the feet, saying:

"I penetrate the (say the body part) of (desired person), that he can only think of me, (his name)."

Leave the wax figure in the middle of the triangle made up of the candles until they finish burning. Then wrap the wax figure in cloth, tie it with ribbon, put it in a clay pot, and bury it in your garden (or a field).

Spell with strands of hair

Items: 2 candles, to light 9 minutes every day, for 9 days. One in your favorite color, one in your loved one's favorite color. Scented rose oil, a lock of the loved one's hair. A lock of your hair, dried lavender, a small sachet of cloth or red cloth. Gold necklace (jewelry, on eBay there are some cheap necklaces, from 5 dollars, but it has to be real gold).

Ritual:

Engrave your name on the candle that represents you, it can be with a needle. Engrave the name of the person you want to tie on the candle that represents him/her.

Each candle must be anointed with rose oil. To do this, with a finger dipped in the oil, run your finger along the length of the candle in the four quadrants (up and down four times on all sides). With each run, repeat the phrase:

"With the power of the four elements, I baptize you _____" (use your name for your candle, then the name of the person on their candle).

Place the candles as close as possible to a table that no one will touch or move for nine days.

Tie the gold necklace around the candles.

In the small red sachet put lavender, the hair of the loved one, your lock of hair, and a piece of gold chain where you will make nine knots. Place the sachet in front of the candles.

Every day, at the same time, preferably after sunset, light the candles. Hold the sachet between your hands and repeat the words.

Needle spell

For the loved one to come back.

Take a sewing needle, metallic, fine. It is advisable to wear a glove, as the needle in the candle flame will heat up. Protect your fingers. Look at the picture of the loved one and focus on it, so that when you close your eyes you have a mental image of the person.

Place the needle in the flame of a lit red candle.

Say it:

"Needle in the flame, needle in the fire, Pierces the thoughts of (name of the loved one), makes you miss, need to come back to me. Makes your heart come back to me".

Ancient and powerful binding

Items: 1 sheet of blank white paper (unwritten); Somali Frankincense; 3 pure beeswax candles; 1 new crystal or clear glass cup (never used before) with red wine; 1 (new) golden currency of any value; 1 handful of your hair or fur, as well as your partner's. Ink black and red (to symbolize blood); spikenard to burn (no oil); Frankincense from pure spikenard (*Nardostachys jatamansi*); salt from Israel, if you cannot obtain salt from Israel, you must use common coarse salt, but you must take it in a small sachet to a church and pray with it 7 times in your hands and sprinkle the sachet 7 times with holy water to purify it.

Ritual:

Cut out the sheet in a triangle shape, then with your left ring finger, sign your name with red ink symbolizing your own blood, under your signature, write the name of the person destined to be tied also with red Chinese ink. Then turn the triangle so that the names are facing the ground, in the part where the cardboard is white, you should light a pure bee honey candle at each end.

In the center of the triangle place the wineglass with the golden coin and a handful of your hair, or fur, with the hair of the person to be tied. Next to it, place the frankincense incense to burn. Make a protection circle (when drawing the circle, do it in a clockwise direction) with the salt of Israel around all the materials placed on the ground and enter inside the circle, during the performance of this ritual you must not leave the circle. At that moment you must make the invocation with a haughty and firm voice, ordering the spirits of the angels to work in your favor:

Invocation:

"It's true, no lie, right and very true. What is below is like what is above and what is above is like what is below, to work the miracles of one thing. As all things were and proceed from the One, through the mediation of the One, so all things were born of this one thing, by adaptation. The Sun is your father, the Moon is your mother, the wind carried you in your womb; the Earth feeds him; the father of all, the Thelesma of all the world is here.

His strength remains intact when he becomes earth. Thou shalt separate the earth from the fire, the subtle from the thick, gently and with great skill; will ascend from earth to heaven and again descend to earth, in this way it receives strength from superior and inferior things.

By this means, thou shalt obtain the glory of the world, and all obscurity shall depart from thee. It is the strong force of all force, for it will overcome every subtle thing and penetrate every solid thing. This is how the world was created. From this will be made admirable adaptations whose medium is here. That is why I am called Hermes Trismegistus because I possess the three parts of the wisdom of the whole world. What I said about the operation of the Sun is complete.

Powers of the Kingdom, stand under my left foot and in my right hand!"

"Glory and Eternity, touch my two shoulders, and lead me in the paths of victory! Mercy and Justice, be the balance and splendor of my life! Spirits of Malchuth, lead me between the two pillars, on which the entire Temple edifice rests!

Angels of Netzah and of Hod, steady me on the Cubic Stone of Yesod! O Gedulael! O Geburael! O Thiphereth! Binael! Be my Love! Ruach Ocmael, be my Light!

Be what you were, what you are, and what you will be, O Ketheriel! Ischim, assist me in the name of Shadai! Kerub, be my strength, in the name of Adonai! Beni Elohim, be my brothers, in the name of the Son and by the Virtue of Sabaoth!

Elohim, fight for me in the name of the Tetragrammaton! Malahim, protect me in the name of Yahweh! Seraphim, purify my love, in the name of Eloha!

Hasmalim, enlighten me with the splendor of Elohim and the Shekinah!

Aralim, act! Ophanim, spin, shine! Holy forces, whirlwind, cry out, spread the divine virtues!

Kadosh! Kadosh! Kadosh! Shadai! Adonai! Yotchavah Eiazerieth! Halleluiah! Halleluiah! Halleluiah angelic spirit of Furufur by all these holy names, obey me and make me

(Note: you must make your request imperatively. For example, that so-and-so comes to me much more loving, submissive, that he accepts my desires of his own free will without being able to resist). I promise that as soon as I get what I want, I'll release you, as long as it's very fast, in hours or days, so mote it be.

Once the invocation is finished, extinguish the frankincense and burn the spikenard, after finishing everything, extinguish the candles with your fingers, take the triangle and bury it in a vase with a seedling of the angel's trumpet flower (*Brugmansia suaveolens*). If you don't have the angel's trumpet change, put another change (the ideal is the angel's trumpet) after burying, pour the wine, keep the coin with you (without coming into contact with other metals or coins, the ideal is to keep the coin inside from a small velvet sachet). You must use the unused rest of the salt of Israel to take a bath (with lukewarm water) on the third day after making this lashing, praying Psalm 30. The remains of the salt used to make the circle of protection must be discarded in water preferred currents.

You can repeat this ritual, so after the ritual is done, extinguish the candles, keep them in a dark place and make this invocation by lighting the three in the form of a triangle with the incense and repeating the binding ritual when you need to reinforce the power of this binding spell.

The binding of two people

Items: 1 red glass bottle, if you want you can paint one with acrylic glass paint, 31 red rose petals, mandrake powder (from esoteric stores), 3 red candles, 3 love/attraction incense sticks, alcohol, 9 pins, 9 pieces of black thread.

Ritual: Place the photos of the two people in the bottle. Light the candles and incense, let the smoke into the bottle. Then shake the bottle saying:

"By the power of Venus and the spirits of the night, let the hearts of (name of so-and-so) be tied up, and that their eyes do not see anyone else"

Pour the alcohol into the bottle and then the 31 rose petals, the black line, and the pins, shake the bottle again and say:

“By the power of roses and the spirits of the night, may the loves of (names) and who by the power of the mandrake will be bewitched by the power of love.”

Finally, pour the mandrake powder into the bottle and shake it vigorously, saying each person's name nine times. Seal the bottle with candle wax (wax still soft) and then bury it near the house of the person to be conquered.

Go at least once a month to this place and deposit 31 red rose petals mixed with mandrake powder there, so the energy of the elements remains active.

Ritual of union

Items: 1 red towel, 2 candlesticks, 1 red candle, 1 black candle, 1 photo of the loved one, 2 papers with both names, 1 rose incense, a small altar.

Ritual:

Do this ritual on a Friday with a crescent moon or full moon, when the sun has just set. Cover your altar table with the red tablecloth. On the left, on the table, put a candlestick with the black candle and on the right another one with the red candle. Place the photo in the center of the altar, with one paper on the left and one on the right. Light the candles. Visualize your loved one for a few minutes. Light the rose incense and say 7 times:

“Swims! Suradi! Manimer! I invoke you, O spirits of lust and carnal desire, by the power of these words of mine and invocations, I call you. By the power of words: Sader, Prostas, Solaster, I command you, to make the flame of love and desire grow in the heart of (beloved person) and that he (she) does not want anyone else but me.”

In a short time, the person will come looking for you.

To join two people

Items: 6 red candles, photos of both, 1 red cloth, virgin olive oil, a red ribbon measuring 21 cm. Half a bottle of orange blossom water (if you can't find it, do it yourself, let orange blossoms dry in the sun for several weeks, then reduce

them to powder in a pestle, place in a bottle with distilled water and leave in the sun for a few days).

Ritual:

On a Friday (Venus day) put the photos in the jar, previously wrapped (face to face) by the red ribbon, in which you tied 9 knots. note: The use of keys in magic dates back to the Middle Ages when love filters were made by wizards and witches. At the time, they used the key to a person's bedroom door to make the love filter that would make them fall in love with those who were looking for help. A Celtic legend tells that a princess asked the jester to steal the key to the room of the captain of the guard, with whom she was in love. The jester (who was no fool) took the key to his own room and another to the princess's room. The castle wizard made two filters, making the princess fall in love with the jester and him with her.

To get a husband

On a Friday, take nine rolls to a church devoted to Saint Anthony. Pray nine Our Fathers and nine Hail Marys on it. Ask with great faith that the saint find you a husband. As you leave the church, distribute the nine buns to the homeless people on the street. Do this magic every Friday until you get a husband.

Know when you will get married

Use a ring like a pendulum. To do this, borrow a ring from a friend or your mother. Tie a thread to it. Fill a glass with water and hold the thread leaving the ring hanging from the edge of the glass (like a pendulum). Ask how many years it will take to get married. How many times the ring hits the glass, will be the number of years it will take to get married...

To also get married

When a friend of yours is getting married, take 3 strands of your own hair and hide it under the bride's veil (without her noticing) before the ceremony.

Marry with your boyfriend

Buy a new deck of cards and remove the queen and jack of hearts. Put the cards face to face, put a picture of her and the loved one (together in the picture) in the middle of the cards. Tie it all up with a red ribbon and bury it in a flower garden. Whenever you pass this place, place your right hand over your heart and think of the loved one.

Ask her marriage

Go to any wedding in a church and after everyone has left, remove a flower from the altar, let it dry for a few days, then put the flower inside the bag. Sew the mouth of the bag closing it, drip 7 drops of lavender on it. Offer it to your boyfriend and tell him to keep it in the clothes drawer, to give it aroma and essence.

Be asked in marriage

When you go to your loved one's house, collect a piece of soil in a bag (it can be from a vase, from the garden at the entrance, a flower bed, etc.). When you return to your house, leave this soil on a plate and with your saliva (spitting on the soil), make a wet clay-like sand. Place a red candle on top of that damp sand. Ask him/her to wish to marry you soon. Let the candle burn to the end.
